Virtual Advising and Registration

Academic Advising

The College of Arts and Science has an International Team composed of experienced academic advisors who work on issues related to international students in the College.

Advisors help students adjust to the College, work with issues related to international academic credentials and English writing courses, and assist students by coordinating with other relevant offices such as the Office of Global Services (OGS), the Wasserman Center for Career Development, and the University Learning Center (ULC).

Advisors on the International Team host walk-in hours for international students and send out a regular newsletter, the *International Edition*.
